

Find out about your local health services at our  
**ANNUAL GENERAL MEETINGS 2018**

**Everyone is invited to attend our Annual General Meetings.**

This is a chance to meet Clinical Commissioning Group Directors, Lay Members and staff and hear about the work we've been doing to improve local health services, the challenges we face, and find out more about our priorities going forward and, of course, you will have the opportunity to ask questions. At the event we hope that you will join us too in celebrating 70 years of the NHS.
